Fig.3

Fig.4

Technical drawing of a mechanical assembly in cross-section, labeled Fig. 1. The drawing shows a complex internal mechanism with various components labeled with numbers. A central vertical shaft (37) passes through a housing (43). A piston or plunger (42) is located inside the housing. A lever (21) is pivoted on a pin (22) and is connected to a cam (26) and a rack (23). A spring (25) is attached to the lever. A cam (27) is also shown. A piston (28) is located at the bottom of the housing. A spring (38) is attached to the top of the housing. A component (39) is shown on the right side. Arrows 3 and 4 indicate directions of movement or forces.
